Growing with values

“GROWING WITH VALUES”

“To be a leading integrated
IT Services Provider by
creating value for people
through delightful and
innovative high quality
service.”

“To earn trust and profit by
providing high-end
sophisticated IT Infrastructure
Solution to companies in
order to increase efficiency
and reduce complexity in
their business.”

ABOUT US

Arrow PC Network is an ISO/IEC 27001:2013 and ISO 9001:2015 certified, leading IT Services Integrator delivering world-class IT infrastructure services to customers PAN India focused on Digital Infrastructure, Business Analytics, Cloud, Security and Emerging solutions. We are a team of dedicated professionals and certified engineers focusing on innovation to provide cost-effective solutions and efficient services.

We work together with our customers to, deliver and deploy highly sophisticated IT infrastructure in order to reduce the complexities and increase value in the business.

We deliver technology expertise through a full life cycle model of professional, managed, and support services including strategy, consulting, designing and implementation. By taking the time to deeply understand how our clients define success, we help them harness technology advances, simplify IT complexity and optimize their IT environments today while enabling future applications, user experiences, and revenue models.

Arrow PC Network has been recognized as the Titanium Partners for Dell Technologies. We are the partner with the best of technology leaders such as VMware, Cisco, Aruba Networks, Sophos, Commvault, SonicWall, Polycom, Netmagic, HPE, Microsoft and employ best practices developed over decades of experience. As an authorized business partner to the major OEMs, we work closely with them to Innovate and create latest technological solutions for various industry verticals. We customize our solutions using the most suitable products and technologies available globally to meet our customer's need & budget.

...EVOLVE

Smart & Agile

We hire smart and agile people who are forward looking and with an intent to lead.

Freedom & Imagination

We value individuals. We encourage creativity & cultivate open mind culture.

Communication & Interaction

We EVOLVE through continuous feedback & assessment. A product is only as good as the needs it serves. We customize solution according to customer desire.

Start-up mindset

We maintain a start-up culture where every employee's opinion is valued & appreciated. At Arrow PC, we like to challenge ourselves by analysing any idea's pros and cons.

Workplace & lifestyle

We offer a workplace where everyone can keep a healthy way of life and can truly engage. A happy employee is also an efficient and productive one.

OUR SERVICES

Arrow PC Network operates at the forefront of innovation and design, providing cutting-edge IT infrastructure solutions and services for businesses across a broad range of industries and specializations. We provide customized solutions which not only reflect the individual goals and objectives of each of our clients, but also feature flexible, scalable and established best practices based design.
